

# MAIN STREET CORRIDOR PLANNING TOWN OF AMHERST, NY

## Hands-On Design Workshop

**Date:** Tuesday, January 23 (6:30pm - 8:30pm)

**Location:** Daemen University  
*Yurtchuk Student Center | Social Room*

Please join us for an important visioning session for the Town of Amherst's Main Street corridor between Bailey Avenue and I-290. This event will explore how to improve safety, increase mobility options, accommodate parking, and envision how future street design can support local businesses, corridor institutions, and adjacent neighborhoods. Your ideas will help to create a vision that will guide future improvements.

We look forward to seeing you January 23!
