

## Compost Facility Changes

---

The Town of Amherst Compost Facility will no longer be selling Compost, Wood Mulch, or Soil Blend products at our facility. Residents and landscapers will still be permitted to dump materials at the facility as they have in the past and the hours of operation will remain the same, until such time as the property and the operation is sold to C.J. Krantz Topsoil Inc.

Unused dump tickets purchased from the town will be honored at the facility any time, including after the transfer to new ownership.

If you have any questions, please call the facility at 716.689.1280.
