# CARBON MONOXIDE ALARMS

## Institutional I-1

### Definitions

#### Carbon monoxide alarm.

A single or multiple-station device that has  
(1) a sensor capable of detecting the presence of carbon monoxide and  
(2) an alarm that sounds when carbon monoxide is detected.

#### Carbon monoxide detector.

A device that  
(1) has a sensor capable of detecting the presence of carbon monoxide and  
(2) is connected to an alarm control unit that sounds an alarm when carbon monoxide is detected.

#### Carbon monoxide source.

Any appliance, equipment, device or system that may emit carbon monoxide (including, but not limited to, fuel fired furnaces; fuel fired boilers; space heaters with pilot lights or open flames; kerosene heaters; wood stoves; fireplaces; and stoves, ovens, dryers, water heaters and refrigerators that use gas or liquid fuel), garages, and other motor vehicle related occupancies.

#### Dwelling unit.

A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking and sanitation. Dwelling units include, but are not limited to, one-family dwellings, each unit in a two-family dwelling, each unit in a multiple single-family dwelling (townhouse), bed and breakfast dwellings, apartments, and dormitory suites having living areas, bedrooms, bathrooms and kitchens.

#### Sleeping area.

A room or space that can be used, either on an occasional or permanent basis, for sleeping. Sleeping areas include, but are not limited to, bedrooms and places where children sleep in a daycare facility.

#### Sleeping unit.

A room or space in which people sleep, which can also include permanent provisions for living, eating, and either sanitation or kitchen facilities but not both. Such rooms and spaces that are also part of a dwelling unit are not sleeping units. Sleeping units include, but are not limited to, dormitory suites with living areas, bedrooms and bathrooms.

(Note: Condominiums are not defined in the Codes and may be regulated under the Residential Code or Building Code depending on design.)
