

Meet our  
welcoming and  
caring staff!

We're a community-based program founded in 1991 by a group of dedicated parents. The Family Room offers a unique place for young children and parents to play and learn together year-round.

Infants, toddlers and preschool children play freely in a bright, clean, safe learning-centered environment filled with a variety of fun and educational toys and activities.

Parents come to spend quality time with their children, encourage socialization, and share ideas and experiences with other parents.

The program is directed by professional staff, with each parent present and responsible for the well being of his/her own child. The Family Room is sponsored by the Amherst Youth Board.

# The Family Room

Where parents meet and preschoolers play...

- Large learning-centered playroom filled with toys, crafts and activities for young children.
- Gross motor room filled with tumbling mats and ride-on toys. Room to jump, ride and play!
- Educational Play Groups which include play time, stories, songs, and crafts.
- A place for parents to network and discuss parenting issues.
- Terrific outdoor playgrounds.

## Also Featuring:

- Field trips and special events.
- Lending library for children and parents.
- Special interest Parenting Seminars.
