## Full Environmental Assessment Form Part 1 - Project and Setting

## **Instructions for Completing Part 1**

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

## A. Project and Applicant/Sponsor Information.

Name of Action or Project: F.W. Webb Amherst		
Project Location (describe, and attach a general location map):		
669 South Youngs Road, Amherst, NY 14221		
Brief Description of Proposed Action (include purpose or need):		
Construction of a 112,700 +/- SF commercial/warehouse facility for plumbing supply/whole	esale.	
Project will require subdivision approval in order to create two lots.		
Associated construction includes a 110-vehicle parking lot, 10-trailer loading dock, and a 1 connect to existing public and private utilities.	26,500 square foot paved outdoor st	torage yard. Project will

C. Planning and Zoning					
C.1. Planning and zoning act					
only approval(s) which must be If Yes, complete sect	ne granted to enablions C, F and G.	mendment of a plan, local law, ordinance, rule ble the proposed action to proceed?  Inplete all remaining sections and questions in I		∐Yes <b>⊠</b> No	
C.2. Adopted land use plans.					
a. Do any municipally- adopte where the proposed action v		lage or county) comprehensive land use plan(s)	) include the site	<b>∠</b> Yes□No	
If Yes, does the comprehensiv would be located?	e plan include spe	ecific recommendations for the site where the p	proposed action	<b>∠</b> Yes□No	
b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) If Yes, identify the plan(s): NYS Heritage Areas: West Erie Canal Corridor  ✓ Yes □No  ✓ Yes □No				<b>☑</b> Yes□No	
c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan?  If Yes, identify the plan(s):			∐Yes <b>.</b> ∕No		

C.3. Zoning	
a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district?  General Industrial Zone	<b>∠</b> Yes No
1. In the case magnitude an allowed by a amazial or conditional was named?	<b>∠</b> Yes No
b. Is the use permitted or allowed by a special or conditional use permit?	
c. Is a zoning change requested as part of the proposed action?  If Yes,  i. What is the proposed new zoning for the site?	□ Yes <b>☑</b> No
C.4. Existing community services.	
a. In what school district is the project site located? Williamsville Central School District	
b. What police or other public protection forces serve the project site?  Amherst Police Department	
c. Which fire protection and emergency medical services serve the project site?  Williamsville Fire Department	
d. What parks serve the project site? N/A	
D. Project Details	
D.1. Proposed and Potential Development	
a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed components)? Commercial/industrial	, include all
b. a. Total acreage of the site of the proposed action?  20.2 acres	
b. Total acreage to be physically disturbed? 13.4 acres c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 20.3 acres	
c. Is the proposed action an expansion of an existing project or use?  i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, square feet)? % Units:	Yes No housing units,
d. Is the proposed action a subdivision, or does it include a subdivision?	<b>Z</b> Yes □No
If Yes,  i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)  Commercial	
<ul><li>ii. Is a cluster/conservation layout proposed?</li><li>iii. Number of lots proposed?2</li></ul>	□Yes <b>☑</b> No
iv. Minimum and maximum proposed lot sizes? Minimum	
e. Will the proposed action be constructed in multiple phases?  i. If No, anticipated period of construction:  ii. If Yes:  • Total number of phases anticipated	☐ Yes <b>Z</b> No
Anticipated commencement date of phase 1 (including demolition) month year      Anticipated completion date of final phase month year      Generally describe connections or relationships among phases, including any contingencies where progress determine timing or duration of future phases:

I. Hours of operation. Answer all items which apply.  i. During Construction:  Monday - Friday: Saturday: Saturday: N/A Holidays: N/A	<ul> <li>ii. During Operations:         <ul> <li>Monday - Friday:</li> <li>Saturday:</li> <li>Sunday:</li> <li>Holidays:</li> </ul> </li> <li>N/A</li> </ul>	

	Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?	☐ Yes <b>Z</b> No
	Provide details including sources, time of day and duration:	
	Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?  Describe:	Yes Z No
	Will the proposed action have outdoor lighting?	<b>Z</b> Yes □No
	yes: Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:	
10 - area	24' high, wall-mounted, downward facing, lights around the exterior of the building. 16 - 24' high, pole mounted, downward facing, rear storage yard, and along vehicle routes.	
	Will proposed action remove existing natural barriers that could act as a light barrier or screen?  Describe:	☐ Yes <b>Z</b> No
o. ]	Does the proposed action have the potential to produce odors for more than one hour per day?  If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:	☐ Yes <b>Z</b> No
If Y	Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  Yes:  Product(s) to be stored  Volume(s) per unit time (e.g., month, year)	☐ Yes <b>☑</b> No
	Generally, describe the proposed storage facilities:	
If Y	Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? Yes:  i. Describe proposed treatment(s):	☐ Yes <b>☑</b> No
i	Will the proposed action use Integrated Pest Management Practices?	☐ Yes ☐No
r. V	Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?  Yes:	✓ Yes □No
	Describe any solid waste(s) to be generated during construction or operation of the facility:	
	<ul> <li>Construction: 3 tons per week (unit of time)</li> <li>Operation: 2 tons per week (unit of time)</li> </ul>	
ii.	<ul> <li>Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:</li> <li>Construction: sub-contractors will be made aware of recycling efforts including what materials are to be recycled, locating dumpsters, etc.</li> </ul>	
	Operation: recycling will be in accordance with local, state, and federal regulations	
iii.	Proposed disposal methods/facilities for solid waste generated on-site:  • Construction: temporarily stored in roll-off dumpsters to be hauled off site for disposal by an outside waste management	ut contractor
	Operation: trash/refuse to be separated from recycled materials and stored in dumpsters that will be emptied once a waste management contractor	veek by an outside

s. Does the proposed action include construction or modification of a solid waste management facility?  ☐ Yes ☑ No				
If Yes:  True of management or handling of wests managed for the site (e.g. may aline on transfer station, compacting landfill or				
<ul> <li>i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):</li> <li>ii. Anticipated rate of disposal/processing:</li> </ul>				
ii. Anticipated rate of disposal/processing:				
• Tons/month, if transfer or other non-o	combustion/thermal treatment	, or		
• Tons/hour, if combustion or thermal				
	years			
t. Will the proposed action at the site involve the commer	rcial generation, treatment, sto	orage, or disposal of hazard	ous 🗌 Yes 🗸 No	
waste?				
If Yes:  i. Name(s) of all hazardous wastes or constituents to be	generated handled or manag	ed at facility:		
i. Traine(s) of all hazardous wastes of constituents to be	generated, nanared or manag	od at 140111ty		
ii. Generally describe processes or activities involving h	azardous wastes or constituer	nts:		
iii. Specify amount to be handled or generatedto	ons/month			
iv. Describe any proposals for on-site minimization, rec	ycling or reuse of hazardous of	constituents:		
v. Will any hazardous wastes be disposed at an existing			□Yes□No	
If Yes: provide name and location of facility:				
If No: describe proposed management of any hazardous	vastes which will not be sent	to a hazardous waste facilit		
11 1vo. desertoe proposed management of any nazardous	wastes which will not be sent	to a nazardous waste facini	.y.	
E Cite and Catting of Dunnaged Action				
E. Site and Setting of Proposed Action				
E.1. Land uses on and surrounding the project site				
a. Existing land uses.				
i. Check all uses that occur on, adjoining and near the				
☐ Urban ☐ Industrial ☑ Commercial ☐ Resid ☑ Forest ☐ Agriculture ☐ Aquatic ☑ Other	ential (suburban)	(non-farm)		
ii. If mix of uses, generally describe:	(specify). All port			
b. Land uses and covertypes on the project site.				
Land use or	Current	Acreage After	Change	
Covertype	Acreage	Project Completion	(Acres +/-)

Describe: Forested Floodway 4.71 4.71 0				

c. Is the project site presently used by members of the community for public recreation?  i. If Yes: explain:	□Yes ✓ No
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site?  If Yes,  i. Identify Facilities:	<b>✓</b> Yes No
BOCES Harkness Center	
BOOLS Haikiless Celifei	
e. Does the project site contain an existing dam?  If Yes:  i. Dimensions of the dam and impoundment:	☐ Yes <b>Z</b> No
Dam height:      feet	
- Curfoss areas	
Volume impounded: gallons OR acre-feet	
ii. Dam's existing hazard classification:	
iii. Provide date and summarize results of last inspection:	
iii. I Tovide date and summarize results of fast inspection.	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility,	☐ Yes <b>Z</b> No
or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility ses:	
<i>i.</i> Has the facility been formally closed?	□Yes□ No
If yes, cite sources/documentation:	
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:	
u. Describe the location of the project site relative to the boundaries of the solid waste management facility.	
iii. Describe any development constraints due to the prior solid waste activities:	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin	☐ Yes <b>Z</b> No
property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste?  If Yes:	T CSIVINO
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurr	ed:
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?  If Yes:	☐Yes ✓ No
<ul><li>i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:</li></ul>	□Yes□No
☐ Yes – Spills Incidents database Provide DEC ID number(s):	
☐ Yes – Environmental Site Remediation database Provide DEC ID number(s):	
Neither database	
_	
ii. If site has been subject of RCRA corrective activities, describe control measures:	
<i>iii</i> . Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? If yes, provide DEC ID number(s): 915066	<b>✓</b> Yes No
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):	
Former Westinghouse Electric Corp. 4454 Genesee Street, Cheektowaga, NY 14225. Remedial actions prescribed by the Records site's two operable units have been completed. However, TCE contamination continues to migrate off site in the discharge of the air The source of the storm sewer contamination has not yet been identified.	

v. Is the project site subject to an institutional control			□Yes☑No
If yes, DEC site ID number:			
Describe the type of institutional control (e.g.)	., deed restriction or easement):		
<ul><li>Describe any use limitations:</li><li>Describe any engineering controls:</li></ul>			
<ul> <li>Will the project affect the institutional or eng</li> </ul>	ineering controls in place?		☐Yes☐No
Explain:			
E.2. Natural Resources On or Near Project Site			
a. What is the average depth to bedrock on the project	site?	3 feet within building f	ootprint
b. Are there bedrock outcroppings on the project site?			☐ Yes <b>Z</b> No
If Yes, what proportion of the site is comprised of bed	rock outcroppings?	%	
c. Predominant soil type(s) present on project site:	Ovid Silt Loam, 0 to 3% Slope	86.6 %	
c. I redominant son type(s) present on project site.	Cazenovia Silt Loam, 0 to 3% Slope	13.4 %	
d. What is the average depth to the water table on the p	project site? Average: >8 f	feet within building foot	print
e. Drainage status of project site soils: Well Drained	d: % of site		
	Well Drained: % of site		
Poorly Drain	100 % of site		
f. Approximate proportion of proposed action site with	n slopes: <b>7</b> 0-10%:	100 % of site	
	☐ 10-15%:	% of site	
	☐ 15% or greater:	% of site	
g. Are there any unique geologic features on the project			☐ Yes ✓ No
If Yes, describe:			
<ul><li>h. Surface water features.</li><li>i. Does any portion of the project site contain wetland</li></ul>	ds or other waterbodies (including st	treams rivers	<b>✓</b> Yes No
ponds or lakes)?	is of other waterbodies (merading st	114015,	1 65110
ii. Do any wetlands or other waterbodies adjoin the pr	roject site?		<b>✓</b> Yes No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.			
<i>iii.</i> Are any of the wetlands or waterbodies within or a state or local agency?	djoining the project site regulated b	y any federal,	<b>✓</b> Yes □No
<i>iv.</i> For each identified regulated wetland and waterboo	dy on the project site, provide the fo	llowing information.	
		•	
<ul> <li>Wetlands: Name Federal Waters, Federal</li> </ul>	eral Waters	Approximate Size 0.73 a	C
Wetland No. (if regulated by DEC) N/A			
v. Are any of the above water bodies listed in the mos	t recent compilation of NYS water of	quality-impaired	☐Yes <b>Z</b> No
waterbodies?  If yes, name of impaired water body/bodies and basis is	for listing as impaired:		
if yes, name of imparred water body/bodies and basis in	or fisting as imparred.		
i. Is the project site in a designated Floodway?			<b>Z</b> Yes □No
j. Is the project site in the 100-year Floodplain?			<b>Z</b> Yes □No
k. Is the project site in the 500-year Floodplain?			<b>Z</b> Yes □No
1. Is the project site located over, or immediately adjoin	ning, a primary, principal or sole so	urce aquifer?	□Yes <b>Z</b> No
If Yes:			
i. Name of aquifer:			

m.	Identify the predominant wildlife speci	es that occupy or use the proje	ect site:	
	deer	rodents	migratory birds	
	Does the project site contain a designate	d significant natural communi	ty?	☐Yes <b>Z</b> No
If Y		:4:	4:	
l.	Describe the habitat/community (comp	osition, function, and basis to	designation):	
ii	Source(s) of description or evaluation:			
	Extent of community/habitat:			
	• Currently:		acres	
	<ul> <li>Following completion of project a</li> </ul>	s proposed:		
	• Gain or loss (indicate + or -):		acres	
	,			
	Does project site contain any species of			☐ Yes <b>Z</b> No
e	ndangered or threatened, or does it cont	ain any areas identified as hab	itat for an endangered or threatened spe	cies?
If '	Yes:			
i.	Species and listing (endangered or threater	ned):		
	Does the project site contain any specie	s of plant or animal that is list	ed by NYS as rare, or as a species of	□Yes <b>☑</b> No
5	special concern?			
If	Yes:			
i.	Species and listing:			
	s the project site or adjoining area curre			□Yes <b>∠</b> No
If y	es, give a brief description of how the p	roposed action may affect tha	t use:	
	D. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1.	N. D. L. (Ct.)		
	. Designated Public Resources On or			
	s the project site, or any portion of it, lo		ral district certified pursuant to	□Yes <b>☑</b> No
	Agriculture and Markets Law, Article 2			
If Y	es, provide county plus district name/r	number:		
h /	Are agricultural lands consisting of high	ly productive soils present?		□Yes <b>√</b> No
ii	Source(s) of soil rating(s):			
	· · · · · · · · · · · · · · · · · · ·	. C	13T 2 1	
	Does the project site contain all or part	of, or is it substantially config	ious to, a registered National	□Yes <b>☑</b> No
	Natural Landmark?			
If Y		Dialogical Community	Caslagiasl Facture	
		Biological Community	Geological Feature nation and approximate size/extent:	
ll	Provide oriel description of landmark,	including values benind design	mation and approximate size/extent:	
d. I	s the project site located in or does it ad	join a state listed Critical Env	ironmental Area?	☐Yes <b>Z</b> No
If Y	es:			
i	CEA name:			
ii	Basis for designation:			
iii	Designating agency and date:			

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district Wes No which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? If Yes:  i. Nature of historic/archaeological resource: Archaeological Site Historic Building or District		
<ul><li>ii. Name: Garrison Cemetery</li><li>iii. Brief description of attributes on which listing is based:</li></ul>		
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?		<b>Z</b> Yes □No
g. Have additional archaeological or historic site(s) or resources been identified on the project site?  If Yes:  i. Describe possible resource(s):  ii. Basis for identification:		□Yes <b>☑</b> No
h. Is the project site within fives miles of any officially designated and pascenic or aesthetic resource?  If Yes:	publicly accessible federal, state, or local	□Yes <b>Z</b> No
ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.):    iii   Distance between project and resource:   miles		
Program 6 NYCRR 666? If Yes:		☐ Yes  No
<ul><li>i. Identify the name of the river and its designation:</li><li>ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?</li></ul>		∏Yes∏No
F. Additional Information Attach any additional information which may be needed to clarify your project.  If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.		
<b>G. Verification</b> I certify that the information provided is true to the best of my knowledge.
