Part 1 of Full EAF with Attachments Full Environmental Assessment Form A and B - Date: October 1, 2025 Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

Dear Joseph Bognanno:

Thank you for requesting the comments of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the project in accordance with the New York State Historic Preservation Act of 1980 (Section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the OPRHP and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project.

Based upon this review, it is the opinion of OPRHP that no properties, including archaeological and/or historic resources, listed in or eligible for the New York State and National Registers of Historic Places will be impacted by this project.

If further correspondence is required regarding this project, please be sure to refer to the OPRHP Project Review (PR) number noted above. If you have any questions, please contact Sydney Snyder at the following email address:

Sincerely,

R. Daniel Mackay

Deputy Commissioner for Historic Preservation Division for Historic Preservation

DECLARATION OF RESTRICTIONS

WHEREAS, the undersigned Buffalo-Maple Road LLC and Buffalo-Anderson Associates, LLC (hereinafter referred to as "Petitioners") are the owners of two parcels of land commonly known as 218 Maple Road and 330 Maple Road, respectively, located in the Town of Amherst, County of Erie and State of New York and more particularly described in Schedule "A" attached hereto (the "Property"); and

WHEREAS, Petitioners by their agent Benderson Development Company, LLC, applied to the Town of Amherst, New York Town Board for rezoning of the Property; and

WHEREAS, on the 2nd day of June, 2008, the said Amherst Town Board approved the requested rezonings from CF to GB, and R-3 to MFR-6 on the condition Petitioners, their successors and assigns, agree to restrict the Property as follows:

- 1. The creation of a 4.5 acre conservation project area, 101 feet in depth, fronting Maple Road on property described in Schedule "B"
- 2. The Brownfield Cleanup Program will be instituted in a manner that results in the project site being cleaned to New York State Department of Environmental Conservation residential standards
 - No single retail user shall be greater than 50,000 square feet in size.
 - A maximum building height limitation of 50 feet for any structure.
 - No freestanding drive-thru fast food restaurants.
 - No freestanding drive-thru pharmacies.
- 7. Petitioners, their successors and assigns agreed to be bound by all provisions of the Adult Use Code of the Town of Amherst as currently adopted or as amended or modified in the future. However, this provision shall not prohibit the operation of a bookstore or video store, which carries a broad inventory of books or videos or other materials directed toward the interest of the general public.

NOW THEREFORE, Petitioners agree to abide by the above enumerated restrictions. The above restrictions shall be binding on the Petitioners, their successors and assigns and all parties claiming thereunder and shall run with the land and the above described restrictions can only be changed, modified or eliminated by a vote of the Town of Amherst Town Board. In the event, however, the Town of Amherst Town Board has subsequently passed the appropriate legislation requiring a vote of greater than a majority vote to change zoning restrictions, Petitioners, their successors and assigns and all parties claiming thereunder shall be bound by said greater than majority vote requirement.

APPLICATION FOR RELIEF OF ZONING CONDITIONS AND TO AMEND DECLARATION OF RESTRICTIONS – PORTION OF 330 MAPLE ROAD

Question 11(A): Description of the character of the proposed development:

Response to

Question 11(A): The proposed project consists of the development of a portion of 330 Maple

Road consisting of 21.3 acres of vacant land (the "Project Site") currently owned by the Town of

Amherst as a state-of-the art sports complex that will include approximately 50,000 sq. ft. of retail

space along with a five-story hotel and all related site improvements. A color copy of the Concept

Plan depicting the conceptual layout of the proposed project is provided at Exhibit "7". An aerial

photograph of the Project Site and the surrounding vicinity is provided at Exhibit "11" and a color

excerpt of the Zoning Map is provided at Exhibit "12".

The Project Site is zoned General Business District ("GB") and Recreation Conservation

District ("RC") pursuant to the Town's Zoning Map. The RC zoning only applies to the front

portion of the Project Site along Maple Road that will consist of a conservation area consisting of

greenspace and landscaping as depicted on the Concept Plan attached as Exhibit "7".

Question 11(B)(1): Rationale for rezoning request: 1. What was this site chosen?

Response to

Question 11(B)(1): The Project Site is properly zoned for the proposed project and the proposed

use is consistent with Figure 6 of the adopted Comprehensive Plan, which designates the portion

of the Project Site to be developed as appropriate for "Commercial-Mixed-Use".

The Project Sponsor is requesting that the Town Board grant relief of zoning conditions

imposed in connection with the previous rezoning of the Project Site for the previously approved

but never constructed Gun Club Project. A copy of the Declaration of Restrictions recorded at the

Exhibit 5

Application for Relief of Zoning Conditions

Portion of 330 Maple Road

Erie County Clerk's Office on July 2, 2008 is provided at Exhibit "4" and a draft of the Amended

Declaration of Restrictions is provided at Exhibit "8". The Project Sponsor is requesting that the

previously imposed zoning conditions be rescinded and replaced with the following zoning

conditions as set forth in the draft of the Amended Declaration of Restrictions:

1. The Declarant shall comply with the requirements imposed by the NYS Department of

Environmental Conservation relative to the Brownfield Clean Up Program in connection

with the development of the Project Site.

2. No freestanding drive-thru fast food restaurants shall be permitted on the Project Site.

3. No freestanding drlve-tbru pharmacies shall be permitted on the Project Site.

4. The Declarant agrees to be bound by all provisions of the Adult Use Code of the Town of

Amherst as currently adopted or as amended or modified in the future. However, this provision shall not prohibit the operation of a bookstore or video store, which carries a broad inventory of books or videos or other materials directed toward the interest of the

general public.

Question 11(B)(2): Why cannot land be used with the existing zoning?

Response to

Question 11(B)(2): The Project Site cannot be developed as proposed in manner that would

comply with the zoning conditions previously imposed by the Town Board since Condition No. 3

restricted any single retail user to a maximum of 50,000 square feet in size and Condition No. 4

limited the maximum building height to 50 feet for any structure.

Question 11(B)(3): How will this rezoning impact surrounding properties?

Response to

Question 11(B)(3): The requested relief of the zoning conditions previously imposed by the

Town Board will not result in any potentially significant adverse impacts on surrounding

properties. A completed Part 1 of the Full Environmental Assessment Form as prepared pursuant

to the State Environmental Quality Review Act ("SEQRA") is provided at Exhibit "1" of this

Application. It is important to mention that the project will allow the Project Sponsor to receive

Exhibit 5

Application for Relief of Zoning Conditions

the benefits associated with the previous environmental cleanup of contamination at the Project

Site. A copy of the Certificate of Completion issued by the NYS Department of Environmental

Conservation ("NYSDEC") dated May 7, 2012 is provided at Attachment "A" of the Part 1 of the

Full EAF provided at Exhibit "1" of this Application. A copy of the No Impact Determination

Letter issued by SHPO dated September 24, 2025 is provided at Attachment "B" of the Part 1 of

the Full EAF provided at Exhibit "1" of this Application. Additionally, a copy of the Wetland

Investigation Letter prepared by Scott Livinngstone of Earth Dimensions, Inc. is provided at

Exhibit "10" of the Application.

The proposed project will also require Site Plan Approval from the Planning Board which

will ensure compliance with the applicable standards for landscaping, lighting, stormwater

management, etc.

Question 11(B)(4): How will this rezoning impact the school system?

Response to

Question 11(B)(4): The proposed project will have very substantial positive impacts on the

school district since it will generate substantial annual property taxes without creating any demand

for educational services.

APPLICATION FOR RELIEF OF ZONING CONDITIONS AND TO AMEND DECLARATION OF RESTRICTIONS – PORTION OF 330 MAPLE ROAD

Question 16(A)(1): State in detail why the proposed zoning is consistent with the adopted

Town of Amherst Bicentennial Comprehensive Plan. Cite specific sections, maps and/or figures in the plan that support the proposed

zoning at this location.

Response to

Question 16(A)(1): The proposed project is consistent with the Town's planning goals and

objectives as set forth in the adopted the Bicentennial Comprehensive Plan and other relevant

planning documents which repeatedly encourage athletic facilities that will assist in promoting the

health of the Town's residents. The Project Site is properly zoned for the proposed project and the

proposed use is consistent with Figure 6 of the adopted Comprehensive Plan, which designates the

portion of the Project Site to be developed as appropriate for "Commercial-Mixed-Use". A copy

of Figure 6 of the Comprehensive Plan is provided at Exhibit "13".

Question 16(A)(2): Cite all text, map, and/or figures that must be amended to support the

proposed zoning at this location and provide detailed suggested

amendments.

Response to

Question 16(A)(2): The proposed project is consistent with the planning goals and objectives

contained in the Comprehensive Plan and as such there is not a need to amend the Comprehensive

Plan to accommodate the proposed project.

Question 16(A)(3): State why the proposed zoning is consistent with intent and objectives

(Sec. 1-2-2) of the Zoning Ordinance:

Response to

Question 16(A)(3): Section 1-2-1 of the Zoning Code is titled "Purpose" and it states as follows:

"The purpose of this Zoning Ordinance and the intent of the legislative authority in its adoption is to promote the environment of the town and its public health, safety, convenience, comfort, prosperity and the general welfare by regulating the use of

Exhibit 6 Application for Relief of Zoning Conditions Portion of 330 Maple Road Page 1 of 5 buildings, other structures and land for residences, open space, public facilities, business, services, industry or other purposes; by regulating and restricting the bulk, height, design, building coverage and location of structures; by regulating and limiting population density; and for the aforesaid purposes, to divide the land within the limits of the town into districts of such number and dimensions generally consistent with the policies of the Comprehensive Plan and to provide procedures for the administration and amendment of said Zoning Ordinance."

The requested for relief of zoning conditions previously imposed by the Town Board to accommodate the proposed project on the Project Site is consistent with the "Purpose" of the Zoning Code. Section 1-2-2 of the Zoning Code sets forth the objectives of the Zoning Code. This section of the Zoning Code lists thirteen objectives that are discussed below as follows:

A. To protect the character and values of residential, institutional and public uses, business, commercial and manufacturing uses and to insure their orderly and beneficial development;

Response: The project represents orderly and beneficial development that will provide very substantial benefits to the Town and its residents.

B. To provide adequate open spaces for light, air and outdoor uses to include public, common and private open space areas;

Response: The proposed project will not be inconsistent with this objective.

C. To prevent overcrowding of land;

Response: The proposed project will not result in the overcrowding of land.

D. To prevent excessive concentration of population and to prevent spare and uncoordinated development;

Response: The project will not result in excessive concentration of population and the project represents an example of coordinated development.

E. To regulate and control the location and spacing of buildings on the lot and in relation to the surrounding property generally consistent with the policies of the Comprehensive Plan.

Response: The responses to the Questions in Section 16 provided above sets forth the reasons the proposed rezoning is consistent with the recommended land use and the policies contained in the adopted Comprehensive Plan.

F. To protect persons and property from damage and injury due to fire or flood;

Response: The Project Site is not located in a regulated floodway or 100 yr. floodplain. The Site Plan Application review process will trigger the need for an Engineer's Report to be prepared by a licensed engineer to be prepared for review and approval by the Town's Engineering Department. The project will not increase the likelihood of damage and injury due to fire and flood. The proposed buildings will be constructed per the stringent requirements of the NYS Building Code including the fire safety standards contained therein.

G. To preserve and protect significant natural features and vegetation, thereby preventing ecological damage and visual blight which occur when those features or vegetation are eliminated or substantially altered to serve development purposes only.

Response: The project will not be inconsistent with this objective. There are not significant natural features located on the Project Site. The Project Site has been designated for commercial development for 18 years.

H. To assure that structure and land use arrangements are aesthetically harmonious with nearby areas and structures.

Response: The development of the Project Site in a manner consistent with the Concept Plan submitted with this Application will be aesthetically harmonious with nearby areas and structures. The layout reflects a deliberate effort locate the athletic facility as far away as practicable from the Maple Road Right-of-Way, since there are existing single-family homes on the south side of Maple Road.

_

¹ A reduced-size copy of the Concept Plan is attached as Exhibit "7".

I. To regulate the location of buildings and intensity of uses in relation to streets according to plans so as to cause the least interference with and be damaged least by traffic movements and hence result in lessened street congestion and improved public safety.

Response: The proposed project will have a driveway connection to Maple Road, which is an Erie County Highway, and a secondary gated emergency access driveway for emergency access per the requirements of Appendix D of the NYS Fire Code.

J. To establish zoning patterns that insure economical extensions for sewers, water supply waste disposal and other public utilities, as well as development of recreation, schools and other public facilities;

Response: The Project Site has access to sanitary sewer and water lines as well as necessary public utilities to service the proposed project.

K. To guide the future development of the town so as to being the gradual conformity of land, structures and uses generally consistent with the policies of the Comprehensive Plan.

Response: The project is consistent with this objective since the proposed use is consistent with the policies contained in the Comprehensive Plan.

L. To accomplish the specific intents and goals set forth in the introduction to the respective sections.

Response: The proposed project is consistent with this objective.

M. To protect the community from visual pollution resulting from the unregulated use of signs and other advertising devices.

Response: The proposed project will not be inconsistent with this objective.

Question 16(C): Compatibility with the present zoning and conforming uses of nearby property and with the character of the neighborhood:

Response to

Question 16(C): The Project Sponsor is not seeking to amend the existing zoning classifications of the Project Site.

Exhibit 6 Application for Relief of Zoning Conditions Portion of 330 Maple Road Page 4 of 5 Question 16(D): Suitability of the subject property for uses permitted by the current

versus the proposed district:

Response to

Question 16(D): The Project Site is properly zoned so this this question does not apply.

Question 16(E): Whether the proposed change tends to improve the balance of uses, or

meets a specific demand in the Town:

Response to

Question 16(D): The proposed project will have positive impacts on the balance of uses in

the Town by providing a state-of-the-art athletic facility that will offer a broad range of services

that are not currently available in the Town of Amherst or any other community in Western New

York.

LOCAL LAW NO. -2025

TOWN OF AMHERST COUNTY OF ERIE, STATE OF NEW YORK

A LOCAL LAW AMENDING CHAPTER 203 OF THE TOWN OF AMHERST CODE, KNOWN AS THE ZONING ORDINANCE FOR RELIEF OF REZONING CONDITIONS IMPOSED IN CONNECTION WITH A REZONING DECISION FOR 330 MAPLE ROAD AND TO AMEND DECLARATION OF RESTRICTIONS AND TO AMEND THE ZONING MAP ACCORDINGLY.

Be it enacted by the Town Board of the Town of Amherst as follows:

Section 1. Title.

This Local Law shall be referred to as, "A Local Law Amending Chapter 203 of Town of Amherst Code, Known As The Zoning Ordinance for Relief of Rezoning Conditions Imposed in connection with a Rezoning Decision for 330 Maple Road and to Amend Declaration of Restrictions."

Section 2. Legislative Findings and Intent.

The Town Board of the Town of Amherst finds that an application for relief of rezoning conditions imposed in connection with a rezoning decision and to amend declaration of restrictions has been filed and is in proper order. The Town Board further finds that the request including the rezoning is consistent with the Comprehensive Plan.

Section 3. Amherst Zoning Map/Relief of Rezoning Conditions.

The Town Board hereby approves application for relief of rezoning conditions imposed in connection with a rezoning decision and to amend declaration of restrictions, subject to any conditions imposed by the authorizing resolution. The adoption of this Local Law eliminates the zoning conditions imposed by the Town Board in connection with the rezoning of the Project Site and imposes the following conditions which shall be subject to an Amended Declaration of Restrictions to be recorded at the Erie County Clerk's Office:

- 1. The Declarant shall comply with the requirements imposed by the NYS Department of Environmental Conservation relative to the Brownfield Clean Up Program in connection with the development of the Project Site.
- 2. No freestanding drive-thru fast food restaurants shall be permitted on the Project Site.
- 3. No freestanding drIve-tbru pharmacies shall be permitted on the Project Site.

4. The Declarant agrees to be bound by all provisions of the Adult Use Code of the Town of Amherst as currently adopted or as amended or modified in the future. However, this provision shall not prohibit the operation of a bookstore or video store, which carries a broad inventory of books or videos or other materials directed toward the interest of the general public.

The property for which this local law applies to consists of a portion of 330 Maple Road, legally described as follows:

PORTION OF 330 MAPLE ROAD:

All that tract or parcel of land, situate in the Town of Amherst, County of Erie and State of New York, being part of Lot Number 67, Township 12, Range 7 of the Holland Land Company's Survey, bounded and described as follows:

Beginning at a point in the north line of Maple Road, 1619.43 feet distant easterly from the westerly line of said Lot Number 67; thence northerly at right angles and parallel with the east line of Said Lot Number 67, a distance of 688.00 feet; thence easterly at right angles and parallel with the southerly line of said Lot Number 67 also being parallel with the north line of Maple Road, a distance of 1350.00 feet; thence southerly at right angles and parallel with the east line of said Lot Number 67, a distance of 688.00 feet to the said north line of Maple Road; thence westerly along the northerly line of Maple Road, a distance of 1350.00 feet to the place of beginning, containing 21.3 acres of land, more or less.

Section 4. Validity.

This Local Law is adopted under the authority granted to the Town Board of the Town of Amherst pursuant to §§10(1)(ii)(a)(12), 20 and 27 of the Municipal Home Rule Law and §265 of the Town Law of the State of New York.

The invalidity of any provision of this Local Law shall not affect the validity of any other provision of this Local Law that can be given effect without such invalid provision.

Section 5. Effective Date.

This Local Law shall take effect immediately when it is filed in the Office of the Secretary of State in accordance with Section 27 of the Municipal Home Rule Law and published pursuant to Sections 130 & 133 of the Town Law and Chapter 28 of the Code of the Town of Amherst.

Re:

Preliminary Wetland Investigation – 31.5± acres 330 Maple Road (SBL# 55.03-1-10) Town of Amherst, Erie County, New York TOWN OF AMHERST PLANNING DEPT.

Dear Mr. Burroughs:

Earth Dimensions, Inc. (EDI) has completed a preliminary wetland investigation at the above referenced site for the purpose of identifying potential regulated wetlands and waterways. The site investigation was conducted on August 11, 2021. As depicted on the attached Preliminary Wetlands Map, EDI identified approximately 0.81± acre of wetland as defined by the U.S. Army Corps of Engineers (USACE) wetland delineation manuals. We believe the depicted wetlands are not regulated under the currently applicable Navigable Waters Protection Rule although a detailed wetland delineation would need to be completed and submitted to USACE with a request for a Jurisdictional Determination in order to confirm the non-jurisdictional status, should impacts be proposed to these features.

The New York State Department of Environmental Conservation (NYSDEC) On-line Resource Mapper (attached) does not depict any state regulated wetlands within or adjacent to the subject property. NYSDEC, thus, has no jurisdiction over any wetland within the project site.

Based on this site investigation, it is our professional opinion that as long as any proposed development avoids impacts to the depicted wetland, no further action is required in order to move forward with development. If impacts to the depicted wetland are proposed, a detailed wetland delineation is required to be completed and submitted to USACE along with a request for an Approved Jurisdictional Determination.

If you have any questions, please contact our office at (716) 655-1717 or email slivingstone@earthdimensions.com.

Very truly yours,
