

**You are a victim of a financial scam.  
What do you do now?**

**You MUST be an Amherst Resident AND,  
have already filed a police report.**

You have received this electronic form because you have unfortunately fallen victim to a financial scam. To best serve you, we are requesting your assistance in completing this form to the best of your ability. We understand not all the requested information pertains to you and your case, so please complete what you believe to be appropriate to your circumstances. Financial crime investigations can be time-sensitive, so we are looking to condense the timeline with your cooperation.

Please complete this form electronically or via hard copy as soon as possible. However, where possible, it is preferred to complete and submit electronically. Upon completion of the form, please return the electronic form by emailing it to [financialscam@apdny.org](mailto:financialscam@apdny.org), with your complaint number in the subject line. Your form will then be forwarded to the Detective assigned to your case. If you completed a hard copy, please have the form for presentation to the detective assigned to your case, or return said form to Amherst Police Headquarters with your complaint number noted on the form.

You may also want to contact one of the three national credit reporting companies (below) and ask that it place a fraud alert on your credit file. The credit reporting company you contact will automatically report the fraud alert to the other credit reporting companies. A fraud alert will notify potential creditors to verify your identity before extending additional credit in your name. Placing a fraud alert is free and typically lasts up to one year or until you ask for it to be removed.

You can also request a free security freeze. A security freeze restricts access to your credit file, making it harder for identity thieves to open accounts in your name. You will have to contact each credit reporting company to place a freeze. A security freeze will not be lifted unless you request it.
