WILLIAMSVILLE, NY 14221
PROJECT IDENTIFICATION NUMBER 5126.33**

**Large Culvert (C530140) Replacement on I-990 and Signal
Rehabilitation on I-990 Off-Ramp at NY 263 (Millersport
Hwy), Town of Amherst, Erie County**

The New York State Department of Transportation (NYSDOT) will discuss a proposed large culvert replacement project at the November 2025 Amherst Town Board Meeting. The meeting will primarily focus on the culvert located on Interstate 990 over the tributary to Ransom Creek. It will also address traffic signal rehabilitation at the intersection of the Interstate 990 off-ramp and Millersport Highway in the Town of Amherst, Erie County

Project Description:

The New York State Department of Transportation (NYSDOT) is proposing to replace the existing double-barrel metal culvert (C530140) with a 14'x7' reinforced concrete box spanning beneath the on-ramp and off-ramp of Interstate 990. The traffic signal at the intersection of the Interstate 990 off-ramp and Millersport Highway will be rehabilitated with updated features.

The New York State Department of Transportation presentation will be held at the following time and location:

**Monday, November 10, 2025, at 4 p.m.
Amherst Town Hall
5583 Main Street,
Williamsville, NY 14221**

The meeting will include a presentation at the scheduled Town Board Meeting session. NYSDOT representatives familiar with the various aspects of the proposed project will be available to answer questions and provide information about the project.

Further information on the project may be obtained from and any written comments sent to:
