**Presenter:** Amherst Town Supervisor Brian Kulpa has a vision to establish a town-wide network of parks, open spaces, and greenway corridors that Town of Amherst residents can be proud of. To establish long term economic sustainability in the Town of Amherst, the town needs to encourage revitalization and reinvestment in older neighborhoods and commercial corridors in Amherst. Brian recognizes the importance of arts and cultural programs, which complement these government and business initiatives. The Supervisor realizes that the arts and culture of a community add value in so many ways for the revitalization of walk able and mixed-use centers by displaying public art in our town spaces, like *Tanglewood*, the colorful sculpture at Bassett Park.
